

How to register

BarFly registration costs \$25, and there are several different ways in which you can pay.

Register Online

Go to <<http://www.kagi.com>> and click on the Purchase Now link. Enter BarFly in the search box to find the BarFly purchase page, and follow the instructions there. Kagi offer several different options for payment, but most people will want to use a credit card. You should receive an email acknowledgement from Kagi almost immediately, and your registration number from me within 48 hours.

Use the Register Application

Start up Register and fill in your name in the "Register to" box (by default Register fills in the name of your computer here - if that is not your name you MUST enter your real name here). Fill in your email address and the number of BarFly copies you want to register. Select your payment method in the popup menu and print out the form (or Copy if you want to send it by email). Send the form to the address given, by email, FAX, or snail-mail. If you opt to pay by credit card, please note that although your credit card number is scrambled, this is NOT a secure encryption method. Payment by credit card is much safer if you use Kagi's online form.

Mail the cash to me directly

I can accept payment in cash (£20) or as a cheque drawn on a UK bank. Please don't send other currencies as the bank will take most of it! Tell me your name, and email address if you want me to send your registration by email, or postal address if you want a postcard.

This is my address:
